

BOOKS AND ENGRAVINGS RECEIVED DURING THE WEEK.

BOOKS.

Wilson's Description of the New Royal Exchange, including an Historical Notice of the Former Edifices, and a Brief Memoir of Sir Thomas Gresham, Knt., with Eighteen Embellishments. Instructions for the Use of the Seyssel Asphalitic Mastic, Claridge's Patent, with Numerous Engravings.

ENGRAVINGS.

A Lithograph of the Chapel erecting at the New-road Cemetery, Perkhams, By Thomas Little, Esq., Architect.

TO CORRESPONDENTS.

A Brightonian.—The Portico though it may in some respects resemble that of the Pantheon has not the same details. The other questions may probably be answered by some of the numerous public prints of the day. We cannot undertake at present to make the requisite measurements.

J. B. is referred to our charge for advertisements, which he will find above.

We must decline inserting the paper on the Birmingham Thames Junction and West-London Railway.

J. P.—The article upon sewers came to hand too late even for perusal.

If the correspondent who writes relative to Fleetwood on Wyre will submit his article and sketches for inspection, they will, if approved of, be inserted.

ERRATUM.—In our last Number, at p. 542, the Rev. Mr. Kyle is called the "jealous" instead of the zealous member of the Antiquarian Society.

ADVERTISEMENTS.

SALE BY AUCTION.

Freehold Building Ground, Old Kent-road, about 2½ miles from the city.

MR. SINGLE will sell by AUCTION, at the Auction Mart, on Wednesday, November 6, at Twelve, FREEHOLD BUILDING GROUND, land-taxes redeemed, comprising together several acres. The whole comprises nearly 100 plots, giving rates for the county, and presenting most desirable frontage on good roads. There is famous sewerage nearly all round the estate. Much has been let on building leases at 6s. per foot, and some of the lower parts of the estate were lately sold by auction at a fair price, and have since been re-sold for double the amount. This rapid and daily increase in the value, and the great demand for freehold ground in the neighbourhood for building, have caused the proprietor, Mr. H. England, to make up all the roads (except one which is not yet completed) in a superior manner, and to spare no expense in planting trees and otherwise improving the estate throughout. The situation is the centre of a healthy, pleasant, and respectable neighbourhood, near to three railway stations, and only about two miles from London-bridge.

Particulars may be obtained (14 days prior to the sale) of J. GROVES, Esq., Solicitor, 31, Charlotte-street, Bedford-square; and at the Office of Mr. SINGLE, Surveyor and Land Agent, 34, Coleman-street, City.

PAINTING BRUSHES. — TO PAINTERS, BUILDERS, &c.

J. KENT AND CO., 11, GREAT MARLBOROUGH-STREET, LONDON, offer to Painters, Builders, and Dealers in Painting Brushes, goods of a quality far superior to those generally offered for sale, and to which they beg to call the attention of those who study quality and durability to cheapness. Lists and prices forwarded on application.

BUILDERS, PLASTERERS, and others

should compare the Prices.—
Lamp Oil, 2s. 2d. per gall.
Boiled Oil, 2s. 8d. per do.
Turpentine, 7s. 3d. per do.
Best Ground Lead, 36s. per cwt.
Second do., 34s. do.
Third do., 31s. do.
Tinned Oil, 4s. do.
At PRISLEY'S noted Cheap Lead and Colour Warehouse, 54, JUDITH-STREET, NEW-ROAD. Brushes, Varnishes, Dry and Ground Colours, at lowest prices.

COMPOSITION for WRITING with STEELPENS.—STEPHENS'S WRITING FLUIDS comprise the most rapid and durable colours, and the most indelible compositions, which art can produce; they consist of—
A Blue Fold, changing into an intense black colour.
A Patent Unchangeable Blue Fluid, remaining a deep blue colour. Two sorts are prepared, a Light and Dark Blue.
A Superior Black Ink, of the common character, but more fluid.
A Superior Carmine Red, for contrast writing.
A Liquid Rouge Carmine, for artists and contrast writing, in glass bottles.
A Carbonaceous Record Ink, which writes instantly black, and being proof against any chemical agent, is most valuable in the prevention of frauds.
A Liquid Mechanical, and Architectural Drawing Ink, superior to India Ink.
Marking Inks for lines; Select Steel Pens; Inkholders. Prepared by HENRY STEPHENS, the Inventor, No. 31, Strand-street, Blackfriars-road, London, and sold by Stationers and Booksellers in Boxes, at 3d., 6d., 1s. and 3s. each.

CAUTION.—The Unchangeable Blue Fluids are patent articles; the public are therefore cautioned against imitations, which are infringeable; to sell or use which is illegal. Also purchasers should see that they are not served with the Blue Ink instead of the Unchangeable Blue, as these articles are often confounded.
N.B.—Black ink, and imitations of the above articles, are constantly being announced as new discoveries, but on examination, they will be found to have some new names only.

PREPARED FLOORING BOARDS.
ALWAYS ON SALE, a LARGE ASSORTMENT OF DRY PREPARED FLOORING BOARDS AND MATCHED BOARDING of all sorts, planed to a parallel width and thickness, from 1 inch to 1½ inch thick. Rough Boarding for Flats.
TIMBER, DEALS, OAK PLANKS, SCANTLINGS, BASH BILLS, &c.
Apply at W. CLEAVE'S Timber Yard, Smith-street, Westminster.

PREPARED FLOORING BOARDS.

PATENT WOVE WIRE BLINDS, DWARF VENETIAN BLINDS, &c.
Verandahs to any Design. Transparencies, and every description of Sun Blind, on the most improved principle, and of the very best workmanship and well-seasoned Materials.
F. A. De Wilde begs to shew he pays particular attention to the manufacture of Blinds for exportation; he also invites all parties to pay his Establishment a visit, where they may see every description of Blind in use.
Holland Blinds cleaned, Calendered, and re-made. Venetian Blinds Painted, Taped, and Lined. Estimates furnished.
N.B.—Old Blinds renovated and made equal to new.

SEYSSAL ASPHALTE COMPANY.
"CLARIDGE'S PATENT."
ESTABLISHED 1834.

THIS ASPHALTE is a Bituminous Limestone, obtained from an inexhaustible Mine at Pyrmont, in the Jura Mountains.
Previously to its introduction into this country, in 1838, the Material had been used for many years in France, and from its great utility was extensively patronized by the Government of that Country.

Among the various uses to which it can be applied, the following may be enumerated:—For Foot Pavements, public and others; in the Carriage Approach to Mansions, Gardens, walks, and Terraces; the flooring of Kitchens and other basements; the sides of Coach Houses and Stables; Dog Kennels, Barn Floors, Cow Houses, Piggeries, Poultry Houses, Tunnels, and Maltings. For Roofing, Covering of Railroads and other Arches, the Lining of underground Cellars near Rivers to prevent the ingress of the Tides; also in Covering the ground-line of Walls, to prevent damp rising (this application of the Asphalt of Seyssel is particularly recommended by the Commissioners on the Fine Arts), thereby rendering the basement stories in the worst situations both dry and warm. It is an excellent Cement, as applied to Docks, Breakwaters, or Walls built for resistance to the encroachments of the Sea. For lining of Tanks, Fish-Ponds, and other Hydraulic purposes.

J. FARRELL, Secretary,
Seyssal Asphalt Company's Works, "Claridge's Patent," Mangate Depot, London.

COMMISSIONERS OF FINE ARTS' REPORT ON THE MEANS OF PREVENTING DAMP IN WALLS.
THE DIRECTORS OF THE SEYSSAL ASPHALTE COMPANY have much pleasure in recommending to the notice of Architects, Builders, and others, the application of THE ASPHALTE OF SEYSSAL as the only effectual means of preventing DAMP rising in WALLS.

The following account of its application is extracted from "The Appendix to the Commissioners of Fine Arts' Report," page 18.

"In 1839 I superintended the construction of a house of three stories on the Lac d'Engelien. The foundation of the building is constantly in water, about 1½ inches below the level of the ground-floor. The entire horizontal surface of the external and internal walls was covered, at the level of the internal ground-floor, with a layer of Seyssal Asphalt, less than half an inch thick, over which coarse sand was spread."

"Since the above date, no trace of damp has shown itself round the walls of the lower story, which are for the most part painted in oil of a gray stone colour. It will know that the least moisture produces round spots, darker or lighter, on walls so painted. Yet the pavement of the floor, resting on the soil itself, is only about 1½ inches above the external surface of the wall, and only 1½ inches above that at the shoes of water."

"The layer of Asphalt having been broken and removed, for the purpose of inserting the sills of ten doors, spots indicating the presence of damp have been since remarked at the base of the door-posts."

POLONCEAU'S BITUMEN PAVE.
MENT for paving Foot walks, Terraces, Garden walks, Stables, Coach Houses, Granaries, Corn Stores, and last Warehouses. For the erection of Damp and Vermin in Basements it is particularly adapted, and for Roofing Decaying Houses, Porticos, Balconies, and Sheds.

Price, 6d. per square yard.
BITUMEN for covering the Arches of Bridges, Culverts, &c. &c. on Railways and other places (with instructions for laying it down), may be had at the rate of 45s. per ton, by applying to **JOHN PILKINGTON, 13, Wharf-road, City-road.**

BASTENNE BITUMEN COMPANY,
Office, 31, Foultry. The Directors of this Company beg to call the attention of ARCHITECTS, BUILDERS, and others, to the very beneficial results attendant on the use of BITUMEN in the erection of buildings. Its application as a FLOORING will be found eminently useful. It is also valuable for numerous other purposes, more particularly where the object sought for is the EXCLUSION OF DAMP AND VERMIN. The Directors beg to refer to the works in Trafalgar-square, which have given general satisfaction. Scale of prices per foot (square)—1 inch thick, 8d.; 1½ inch thick, 1s. 1d.; 2 inch thick, 1s. 6d. Works not measuring 100 feet, 1d. per foot extra. Roofing executed at 6d. and 7d. per foot square. Concrete is charged in addition according to the thickness when required. Carriage and men's time are charged extra when works are executed beyond three miles from the General Post-office. Bitumen 25s per ton, without gift. Bitumen 25s per ton, with gift.
CHARLES F. TILSTON, Secy.

VARNISH.—It has long been a desideratum amongst the consumers of Varnish to obtain a good and genuine article; brilliancy, facility of drying, hardness, and durability are the qualifications necessary, but these are seldom if ever found united. The experience of a lifetime devoted exclusively to the manufacture of this article, the great and important discoveries of modern chemistry, and the daily improvements in machinery, have enabled Messrs. George and Thomas Wallis to produce Varnishes (both oil and spirit) unrivalled in every respect, and they confidently recommend them to the trade, as deserving of notice both in price and quality.

Builders, Coachmakers, Painters, and others may depend on being supplied with a genuine and unadulterated article. Fine Oil Varnish, from 18s. per gallon; best White Spirit Varnish, 12s. ditto; Best French Polish Oil, 12s. ditto; White Lead, Oil, Turps, and Colours of every description at the very lowest prices.—WALLIS'S Varnish, Japan, and Colour Manufactory, 61, Long-acre, one door from Bow-street. Established 1750.

H. BESSEMER'S PATENT GOLD PAINT. Sole Agents, H. TILLEY & GARROD, 413, Blackfriars-road, London.

The above METALLIC PREPARATION is intended to supersede the use of Gold Leaf, as it gives an equally beautiful effect; is extremely durable; will bear washing equally well with any other description of fine paint; and is economical, costless, requiring only to be applied with an ordinary brush. It will be found particularly adapted for the following purposes:—

HOUSE-PAINTERS and DECORATORS. For exterior and interior Decorations, Iron Works, Mouldings, Cornices, Ceilings, Brackets, Figures and Casts of every description, whether in Plaster or Metal, Writing and all ornamental work where gold is required to be introduced.

SHIP-PAINTERS and DECORATORS. For such Ornamental Work, either within or without, as may require gilding, and from its cheapness, affording an opportunity of embellishment so desirable, but which is frequently neglected from its great expense.

PLAINTIFF FIGURE-MAKERS. For general use upon the Figures, Casts, and Medallions manufactured for ornamental purposes.

And for various other uses here undescribed, but which its low cost may likewise adapt it to. To be had wholesale only as above, and retail at most Colour Warehouses in the kingdom. Sold in bottles, 6s. each.—A liberal allowance to the trade.

PLUMBERS, PAINTERS, BUILDERS.

and OTHERS supplied with CROWN and SHEET WINDOW GLASS, SHEET PLATE, &c. &c. for Pictures, Glazing, &c. &c. in any quantity, at Manufacturers' Prices.

TURPS, per gallon 3s. 4d.
LINSEED OIL, ditto 3s. 4d.
SHEET LEAD, 10 sheets, per cent 15s. 6d.
Ditto, cut to sizes and PIPE 15s. 6d.
WHITE LEAD (Genuine) per cwt. 36s. 6d.

Colours, Pipes, Brushes, &c. &c., equally low, and quality warranted. Complete Lists, priced, may be had on applying to **R. COGAN, 6, Princes-street, Leicester-square, London.**

PRINT PUBLISHERS, PICTURE FRAMES, and CABINET MAKERS, can be provided with fitted Crown, flattened Sheet, and the patent Sheet Plate, Lists of which, shewing the price for any square, from 14 by 12 to 40 by 20 of Best and Second quality, will be sent gratis upon receiving the address. Builders, Glaziers, and others having to Contract, sending a copy of their specifications, with a list of dimensions to R. COGAN, will receive by return of post the lowest prices for all quality and sizes of Crown Sheet-Glass and Sheet-Plate, &c. Glazing estimated for, if required.

NURSERYMEN, MARKET GARDENERS, AND OTHERS requiring Small Glass, will find a greater variety of sizes (a large Stock of which is constantly on hand) than is kept by any other House in London.

COMMON SHEET AND CYLINDER. The advantages of Common Sheet over Crown for Glazing Sky-lights is decidedly great, and is generally used where strength or superior appearance is required; a light 6 feet 8 in. long, with openings of any width, needs only one lap. This Glass is considerably stouter than Crown, and may be had from 15. 3d. per foot.

Also may be had.
COGAN'S PATENT CHIMNEY FOR GAS OR OIL. Which effects a great saving in the consumption, produces a more brilliant light, prevents smoke, and is cheaper than any other Patent Chimney sold.

LAMP SHADES AND GAS GLASSES,

of every description.
GAS CONTRACTORS, FITTERS, GLASS MERCHANTS, and others supplied with Lists of nearly 100 Patterns, with prices affixed, sent to any part of the Kingdom gratis.

GLASS MAKERS, ALABASTER FIGURE MAKERS, ARCHITECTS, MODELLERS, AND OTHERS, supplied with FINE ORNAMENTAL SHADES, in every Model of Public Buildings, Geological Curiosities, &c. &c. of all sizes and shapes. List of Prices may be had on application.

French Table Flowers, China Vases, Fancy Glass Ware, and Alabaster Figures in every variety.

R. C. having just completed his Show Rooms for the above articles, begs to invite the inspection of the Public. A liberal Discount to Retailers and others.
